About Us

One firm. One accountable team. End-to-end coverage.

MGA Group is a full-service Chartered Accountancy practice offering a comprehensive suite of accounting, audit, due diligence, forensic, valuation, tax, regulatory and advisory services to companies, LLPs, partnerships, trusts and individuals. Our clients range from domestic MSMEs, cooperative institutions and nationalized and private banks to large industrial groups, hospitals, alternative investment funds, government departments and Indian subsidiaries of global enterprises.

We operate as one integrated team across every engagement — from incorporation and day-to-day compliance to statutory and forensic audit, due diligence, valuation, cross-border regulatory reporting and transaction advisory — so clients deal with a single accountable point of contact rather than coordinating across multiple vendors.
